## ACHR demands proactive steps from Mizoram govt on Bru issue

Created on : 12/16/2009 10:16:45 AM (NORMAL )

Agartala, Dec 16 (UNI) The Asian Centre for Human Rights (ACHR) has urged the Mizoram government to undertake proactive measures to rebuild the lives of displaced Brus (Reang tribes) by providing compensation for properties damaged, seeds for cultivation and ensuring free ration till next harvest.

Addressing mediapersons here today, ACHR director Suhas Chakma said about 1000 Brus had left home and hearth from Western Mizoram following recent spurt in violence and they were lodging in two villages of North Tripura. He alleged that the Mizoram government had failed to provide them security.

He argued that since there was no dispute with regard to their identity, both Tripura and Mizoram governments should take measures to ensure their return with safety, security and dignity.

Mr Chakma said the ACHR would convey the situation of Bru refugees to Union Home Minister P Chidambaram and the Home Secretary and they would urge the Centre to resolve the deadlock of refugee repatriation through dialogue and enforcement of rule of law.

"A three member fact finding team of ACHR has conducted investigation in both Mizoram and Tripura, besides holding meetings with administrations, affected groups and civil society organisations for safe repatriation of the refugees," Mr Chakma added.
